PESTANA ROVUMA

CITY CENTER & CONFERENCE HOTEL

ADDRESS YOUR BUSINESS WITH THE CHARM OF AFRICA

If you have business to do in Mozambique, this is the hotel to stay. Situated in the center of downtown Maputo, next to the Cathedral and the City Council, the Pestana Rovuma is a city icon. Overlooking the Bay of Maputo and the gardens populated by jacarandas and red acacia near the cathedral, the strong African-oriented decor helps you stay focused on your work while never letting you forget that you are in a magical country.

Whether on business or pleasure make the Pestana Rovuma your base of arrival in Maputo, your transition factor and contact with the reality of Mozambican culture and your home in this city where everything is so promising and where there is always so much going on.

Pestana Rovuma offers you a modern, well-equipped convention center with several rooms, perfect for large conferences or small meetings, and allowing you to quickly reach any location in the city.

DESTINATION

Maputo is one of the cities with the highest growth rate in the world, where the contagious rhythm and the continuous movement help you believe that all opportunities are possible here. With a very gentle way of life and a very peculiar way of making it happen.

This is the place where, in the words of the locals, it all goes well 360 days a year. Then there are five days when things can work out unexpectedly, but that won't prevent you from accomplishing your projects. In fact, here, the setbacks are seen as an inevitable part of life and thus relegated to its proper dimension: that of a mere moment of waiting while everything is being solved.

Here you will always be in contact with the two parallel realities that peacefully coexist in the city: the pace of who is passing by and the pace of sellers. With vendors at every step, offering everything from shoes and ties to bread with badgia; bags of cashew nuts and peanuts to calling cards; and traffic that flows constantly from the city's left arteries, here, you'll feel that you truly are at the center of urban life in Mozambique.

But there's more to life than work, and if you are spending more than a week in Maputo, or if you live in this beautiful city, you will also need to leave the city for a while and experience the best the country has to offer: use the most of the services of the center of activities that you'll find on the reception area, where you can book safaris and tours, both in the national reserves and in the very close South Africa. In the shopping center you can also find a car rental company if you want to explore the magnificent northern beaches, the famous Xai-Xai, Bilene and Marracuene.

RESTAURANTS

Monomotapa Restaurant – is named after a royal warrior from the Gaza Province – is open for breakfast, lunch and dinner, serving buffet meals and à la Carte service. Located on the first floor it offers an excellent view of the cathedral and City hall. **Sasseka Bar** (Kindness) – with typical African decor and a peaceful environment, the bar gets packed especially after dinner. During the day, there is always someone working on the tables or on the terrace and two televisions are showing the best international challenges, besides the evening news. Here, you always know what's going on.

"Bula-Bula" Terrace (conversation) – located on the ground floor and integrated in the shopping center, the terrace is perfect for lunch or to drink an espresso coffee or a Laurentina at the end of the day. Here, the menu is very simple, with choices of daily specials which are usually Mozambican or Portuguese; and sandwiches, wraps and salads that are lighter, to face the day outside. The samosas are not to be missed.

FACILITIES

Outdoor swimming-pool, meeting rooms, gym, TV area, room service, parking.

ACTIVITIES

Shopping on site, city excursions, beach visits and tours in Mozambique or to the Kruger Park, for safari or stay at our sister hotel, the Pestana Kruger Lodge.
